## WOOD BURNING BENEFITS

Wood burning options bring a rustic presence outdoors. When it comes to outdoor fireplaces, one that uses wood is a great choice if you want to achieve that natural, rustic look. You'll love the smell of a wood-burning fireplace, and it's nice to listen to the crackling sounds as the wood burns.

The logo features a large, stylized red letter 'A' on the left. A horizontal red line extends from the right side of the 'A' across the top of the word 'caminetti', which is written in a lowercase, red, sans-serif font.
